The Healing Hearts Crisis Center served a total 903 victims of sexual assault from 2008 to 2015.

Everyone is invited to participate—the target audiences are Coalition members, community partners, faith-based community, and non-profit organizations. Topics will focus on raising long-term, effective awareness, and advocacy in the community on sexual assault and prevention, engaging the community in addressing sexual assault along with reporting incidents, child body safety, and inappropriate behavior at school and workplace in regards to sexual harassment.
